VOL. XXV WELLSBORO, TIOGA COUNTY, PA., THURSDAY MORNING, DECEMBER 25, 1879. NO. 52

Merry Christmas

Saved from the Scalpel

No organs are of greater importance to the human body than the kidneys. Their duty is to filter and strain the poisonous and waste matter from the blood, and if they fail to do this, the trouble shows in the nervous system, and even in bladder and Later diseases.

Many are compelled to get up at night—when the passing of water is painful and scanty. Others suffer backache, dizziness, headache, and can suggest the trouble that exists. Dr. David Kennedy's Favorite Remedy the greatest medicine that ever relieved pain. Sold everywhere. Send for pamphlet.

Dr. David Kennedy's Favorite Remedy cures all kidney, bladder and Liver diseases.

Mrs. Clarence, of Canajoharie, N. Y., tells how she suffered with her kidneys, and was compelled to get up as often as seven times a night. Some years ago I was taken with pains in my back, thought it was rheumatism, but found it was my kidneys, and took Dr. David Kennedy's Favorite Remedy, which seemed to start me right from the first dose. I continued its use for three months, and was entirely cured. I am now 70 years old, and can recommend Favorite Remedy as the best kidney medicine I ever used.

Dr. David Kennedy's Favorite Remedy is sold by druggists at $1.00 per bottle, or six bottles for $5.00, and sent by mail on receipt of price. Send for pamphlet.

Wine Making in Portugal.

The chief category which all the merchants dominated in the vine-growing districts of Portugal, save young wines, are compelled to sell their wines at a low price, and are obliged to borrow money at high interest to meet their current expenses. Consequently, they are unable to keep their wines for any length of time, and are forced to sell them immediately after the vintage, when the market is generally overstocked. The wine merchants, on the other hand, are able to keep the wines for many years, and thus realize enormous profits. The wine merchants of Oporto, for instance, are said to realize a profit of 100 per cent. on the wines they export to England, Germany, and Russia.

Sold by druggists everywhere at 25 cents a box.
